

Letter of Invitation

SAVE THE DATE!

**Engagement Session on the Canadian Environmental Assessment Act
Wednesday, October 4, 2017, 9:00 AM- 4:00 PM
Chief Joe Mathias Centre, Squamish Nation**

September 11, 2017

Dear Chief,

The First Nations Leadership Council and the B.C. First Nations Energy and Mining Council (FNEMC) is organizing a one-day engagement session for Chiefs, leaders and First Nations environmental/regulatory technicians on the government of Canada's review of the Canadian Environmental Assessment Agency Act. The government of Canada will participate in the engagement session.

Unfortunately we do not have travel or other related funding to attend this session however the Canadian Environmental Assessment Agency may have additional funding for those First Nations and Tribal Councils who previously held contribution agreements for earlier reviews. We will host breakfast and lunch at the event so please ensure you register to ensure we have sufficient food.

FNEMC will prepare and circulate an agenda prior to October 4.

Please refer to the FNEMC website, www.fnemc.ca for updated information. To register for the event send your name and First Nation to: ceaaregistration@fnemc.ca

Sincerely,

Dave Porter
CEO
First Nations Energy and Mining Council

Cc: Honourable Catherine McKenna, Minister of Environment
Ron Hallman, President, Canadian Environmental Assessment Agency
First Nations Leadership Council
